With the help of highly educated and dedicated staff the college has set high standards of education and its students have been securing top positions in university merit list. The mission of SSDGC is not only to provide quality education to the students but also to inculcate in them a sense of self sufficiency and a sense of civic responsibility.

Invitation

We feel immense pleasure that 'Internal Quality Assurance Cell' of S.S.D.Girls' College, Bathinda is going to organize one day National Seminar on the Topic "Quality Enhancement Through Outcome Based Education" on 13th May,2023.

About the Seminar

Key objective of the seminar is to provide a platform for the IQAC conveners and faculty of the colleges to discuss various quality initiatives for outcome based education. Outcome-based education focuses on developing professionally and socially competent students. OBE learning defines what students can attain through their academic learning experience. The term includes all the ideal attributes of graduates, including their vision, mission, institutional results, and goals, which can be the basis for developing their program outcomes using tech-enabled methods to demonstrate pedagogical learning via video lectures, podcasts, and PowerPoint presentations. These cutting-edge teaching and evaluation techniques based on technology can empower educational institutions to map their outcomes accurately. Students and teachers can work together to create an OBE curriculum with a visible and clear goal.
